VETERAN EDITOR PASSES AWAY!

Edward T. Tuten Succumbs to Stroke of Paralysis.

ILL ONLY NINE DAYS

For a Quarter of a Century in the Editorial Chair of the Bellefonte Republican—Death Called Him Thursday May 17 at 6:50 P. M.

FUNERAL OCCURRED SUNDAY P. M.

Now the laborer's task is o'er;
Now the battle day is past;
Now upon the farther shore
Lands the voyager at last.
Father in Thy gracious keeping
Leave we now Thy servant sleeping.

Edward T. Tuten, editor and publisher of the Bellefonte Republican and the Daily News and one of Bellefonte and Centre County's best known citizens passed away at his home on North Thomas street Thursday evening May 17th at 6:50 o'clock. His illness extended over a period of nine days and death was due to a stroke of paralysis. This was the third stroke that he sustained, the first having occurred just ten years ago this fall. He recovered from the first one apparently all right but the second which occurred about a year ago left him partially disabled. It was on the day of the last Republican County Convention that he received the final attack. He had been at the Court House and was on his way down town to the printing office. Just as he arrived in front of the Bush Arcade he was seen to throw up his hands and stagger forward, kind hands caught him before he fell, and helped him to the office. Medical attendance was summoned and his conditon was found to be so serious that the physician ordered him taken to his home as soon as possible. His entire right side was paralyzed and his speech affected. He was taken home and nine days later peacefully passed away.

Edward Terrell Tuten, the deceased was born in East Cambridge, Mass., September 18th 1839 and was the son of Robert P., and Nancy S. Tuten. He could trace his ancestors back several generations, they originally coming from Holland to Ireland and thence to the United States settling in New England. His grandfather, John Tuten, was a sailor and was drowned at Archangle, Russia. His father Robert P. Tuten was a glass worker by trade and for several years previous to his death was foreman of the New England Glass Works at East Cambridge. His father died when Edward was eleven years old and the mother with six little children, Edward being the oldest moved to Mt. Vernon, New Hampshire. Edward T. Tuten was educated at the Appleton Academy quite a famous institution of learning in its day. When eighteen years of age he entered the New England Glass Works where he worked for several years. About the year 1867 he moved to Bedford, Mass., where he engaged in the general merchandise business and later owned and conducted a large farm. Mr. Tuten was a member of the Unitarian church and about this time helped to re organize the Unitarian church at Bedford and was Superintendent of the Sunday School for serveral years.

On the 10th of February 1870, he was united in marriage to Mrs. Marie P. Gray, widow of Edward L. Gray, at East Cambridge, Mass. One son was the result of their union, Earle Chester Tuten, born at Shelburn Fall, Mass., December 4th, 1870. Mr. and Mrs. Tuten continued to reside in Bedford until the winter of 1872-73, when they sold their possessions there and accompanied by Mr. Tuten's brother Robert P. Tuten came to Bellefonte, Pa., arriving here on the 6th of January 1873. The Tuten brothers bought the plant of the Bellefonte Republican and with that paper Mr. Tuten has been connected ever since. His brother severed his connection with the paper in 1876 and went west, and is now located in Sidney, Iowa, where he conducts the Fremont County *Sun*. Mr. Tuten was a resident of Bellefonte for thirty-three years and with the exception of a few years only, occupied the editorial chair on the Bellefonte Republican. He was a bright and forceful writer and being an ardent Republican his editorial efforts helped greatly to swing Centre county from its strong Democratic moorings. Though a strong partisan he was never abusive and he always enjoyed the respect and friendship of those opposed to him politically. He never held or sought public office, and was modest and retiring, preferring to help others rather than push himself forward.

He was kindly disposed toward all, friendly and sociable with everyone, and was esteemed and respected by people in all walks of life.

As a husband he was most loyal and loving. As a father—ah, here words fail us. No poor words of ours can properly portray the unfathomable depths of the love he bore his offspring. And thus he won for himself such a filial love as few father's possess.

There is left to survive him his son, Earle C. Tuten, and a step-daughter, Mrs. C. L. Gates, both of Bellefonte. Also one brother Robert P. Tuten, of Sidney, Iowa, and the following sisters, Mrs. Maria N. Bruce, of Mt. Vernon, N. H., Misses Sarah, and Susan R. Tuten, of Ayers, Mass., and Miss Esther F. Tuten, of Dover, N. H.

The funeral services were held Sunday afternoon at 4 o'clock from his residence on North Thomas street. There was a large number of people present to pay a last tribute of respect to the departed friend and neighbor. There were quite a number of beautiful floral tributes from loving friends. The services were conducted by Rev. J. Allison Platts, pastor of the Presbyterian church. A quartette composed as follows Mr. and Mrs. J. C. Meyer, Miss Bessie Dorworth, and Rev. J. Allison Platts, sang very beautifully "Jesus Lover of My Soul" and "Mother Dear, Jerusalem." The services were very beautiful and impressive.

The casket bearers were as follows: Hon. P. Gray Meek, of the *Watchman*, Hon. Fred Kurtz, and Charles R. Kurtz, of the *Centre Democrat*, Thomas H. Harter of the *Gazette*, Clement Dale and A. A. Dale.

The interment was made in the Union cemetery.

And thus life's journey is ended. His place in his home can never be filled, his loss to his family can never be made up and his death leaves a place in the world at large that will ever remain vacant.

"Earth to earth and dust to dust
Calmly now the words we say,
Left behind, we wait in trust
For the Resurrection Day.
Father, in Thy gracious keeping
Leave we now Thy servant sleeping.

Large Trout Killed.

What is declared to be the biggest brook trout ever seen in Pennsylvania waters was taken out of Spring creek Bellefonte last Tuesday. It was not caught in any ordinary way, having been killed by the dumping of slag into the creek from the cinder tip of the Valentine furnace, about a quarter of a mile outside of town.

A workman waded out and got the big fish. The trout was 37 inches long and weighed 7½ pounds. It was sent to a taxidermist at the State college, where it will be mounted and placed in the museum.

GIRL TELLS OF SAD LIFE

Mrs. Terranova Describes Days of Drudgery and Dishonor.

SHE KILLED UNCLE AND AUNT

Says She Dreamed Each Night That She Was In Presence of God and Heard the Words "Kill Your Uncle." Woman Hearer Fainted.

New York, May 23.—Josephine Terranova, the girl wife, who killed her uncle and aunt, was called to the witness stand in her trial before Justice Scott and a jury in the supreme court. The girl was calm when she began the telling of her life's history in response to the gentle leading question of her counsel, former Judge Palmieri. She said she was 8 years old when

she came to America and her uncle and aunt took her to their home. She then told how they abused and beat her and said: "I always worked, worked. In the winter time I was made to get up at 4 o'clock. I did everything in the house. I scrubbed, ironed, washed, cooked and made the beds. Sometimes he had 16 boarders. Up till the night before I was married I worked. On Friday night I was scrubbing the floor, and the next day I was married."

Then she told of her dishonor and shame. It was a heart-rending account, so much so that one woman threw up her hands and fell over in a dead faint. For a moment the wheels of justice paused while Dr. O'Hanlon, the coroner's physician, who was present, rushed forward to attend her. The woman was carried out and the testimony continued.

The witness said that her husband was led to suspect what her relations with her uncle had been because of a remark which the latter made. She declared that her uncle's mistreatment covered a period of about six years, and that it continued up to and including the night after her civil marriage to Terranova.

She told of the circumstances which led her to kill the uncle, Gaetano, and her aunt, Concetta. She said that her husband, after listening to her confession, told her that she was no longer his wife, and thereupon left her. She remained alone during the following 10 days, subject, she said, to the influence of hallucinations, in which her uncle appeared. Whenever he appeared a voice said: "Kill him." Each night, the witness continued, she would dream or imagine that she was in the presence of God, and there again she would hear the words: "Kill your uncle."

At the end of 10 days, the girl said, she went to her mother's house and was turned away. Then the mysterious voices became more insistent and their directions more pointed, telling her to buy a knife and a revolver and kill. When armed and on her way to their house for this purpose, she said she crossed herself three times and prayed to know whether she was doing right. She confronted her uncle, calling him "traitor," and he replied: "You are an outcast."

She remembered little of her attack, but asserted that she began to stab when her aunt came between her and Gaetano. She did not remember which one she struck first.

Under cross-examination by Assistant District Attorney Ely, the witness said that she had been unable to run away from her uncle's treatment, as she desired to. Her aunt, she said, had told her that there was no harm in her relations with Gaetano. Justice Scott, who is trying the case, questioned the girl about the voices she claimed to have heard, and she told him that they came like a ringing in the ears.

The Weather.

PREACHERS IN HOT DEBATE

Presbyterian Assembly Discusses New "Book of Forms and Service."

Des Moines, Ia., May 23.—The anticipated debate upon the adoption of the "book of forms and services" recommended by a special committee of the Presbyterian General Assembly, in session here, materialized. Not in many years has a church assembly been so stirred and the argument become so heated from the start. Dr. Henry Van Dyke, chairman of the committee, maintained calm in presenting the report, but the opposition speakers who followed did not. Two hours were consumed in the debate, but no conclusion was reached. Further discussion is to be made a special order at some later session.

At times the arguments bordered on discourtesy, despite exhortations that the matter be approached prayerfully. The moderator requested that applause be discontinued, but when Rev. Dr. Robert Johnston, stretching himself to his full height of six feet four inches, declared that the book smells of priestcraft, the applause broke out in a tremendous roar. Dr. VanDyke, arguing for the book, said: "Your committee stands where two seas meet." He then took up the book and explained its adaptability to the service.

Dr. William F. McCauley, of Cincinnati, speaking for the opposition, based his arguments principally on the belief that the authorization of the book by the general assembly would be interpreted by the churches that the assembly wished its adoption, although it cannot be mandatory.

PETITION OVER MILE LONG

Governor Guild Urged to Commute the Sentence of Tucker.

Boston, May 23.—A petition more than a mile long and bearing more than 115,500 names, was sent to Governor Guild, asking him to commute to life imprisonment the sentence of death imposed upon Charles L. Tucker for the murder of Mabel Page at Weston in March, 1904. The signers include 80,860 men and 35,695 women. An express wagon was necessary to transport the petition to the state house. Many thousands of names from outside the state, received by Tucker's counsel, are not included in the count, although some of them were sent with the petition to the state house.

Attempt to Open Mine Fails.

Cleveland, May 23.—The two-score or more of Pittsburg vein coal operators in this city watched with intense interest the developments at Plum Run mine. They had agreed to take the successful opening of the Plum Run mine as a signal to start operations in many others, it is said. When they learned of the complete failure to open the test mine they announced that they would make no further effort for the time being to renew operations. They said, however, that they would renew their efforts to repone at another time in the distant future, when they thought conditions might be changed.

SCORES THE "MACHINE"

Texas Congressman Flays Republican Rule in the House.

DESERTED PEOPLE'S INTEREST

Mr. Randell Declares They Have Done Nothing Except to Make Hypocritical Pretense As to Some Things and to "Stand Pat" In Others.

Washington, May 23.—The so-called Republican "machine" was the subject of a scathing denunciation in the house of representatives at the hands of Mr. Randell (Texas), who said that the leaders of the house who constitute and run the "machine" had done absolutely nothing except to make hypocritical pretense as to some things and to unblushingly advocate the "stand pat" doctrine in other things.

"The completeness with which the Republican party has deserted the people's interests is apparent in its treatment of every vital question before the congress," said Mr. Randell.

He was of the opinion that the concentration of wealth, so great in amount as to stagger the comprehension of human intellect, was a greater menace to free government than all the armed hosts of its enemies. He said the attitude of the Republican party toward the territories is another proof that it is unworthy to rule.

"The sisterhood of states," he said, should make common cause in rebuking the cruel and outrageous crime committed by the Republican party. Impelled by fear, the machine may yet admit one state, but the people will understand the motive and should not stay the hand of retribution.

"These machine leaders have been and are deceiving the great mass of voters who put them in power. The rank and file of the Republican party wants justice, and if only they would examine the record of their representatives, the avenging hand of an outraged constituency would strike down these stand pat statesmen and have a new deal as well as a square one."

Mr. Williams, of Mississippi, was serious-minded and explained to the house that the flippant manner in which the papers spoke about the speaker's way of counting a quorum was not to his liking. "Far be it from me," he said, "to think that there was not a quorum present when the speaker announced a quorum after one of his characteristic counts." He appreciated the picturesqueness of the situation, but the counting of a quorum was a serious business, and the constitution provided that a majority of both houses must be present to do business. He wanted the country to know that while the members "were only boys grown tall," that legislation was proceeding in an orderly and a dignified manner.

Pennsylvania Prohibitionists.

Harrisburg, Pa., May 23.—The Prohibition state convention assembled in this city for the nomination of a state ticket. State Chairman McCalmont says there is no doubt of the nomination of Homer L. Castle, of Pittsburg, for governor. Castle was the party nominee for superior court judge last fall and was one of the chief lieutenants of State Treasurer Berry. McCalmont says H. T. Ames, of Williamsport, will be nominated for lieutenant governor, and Representative William T. Creasey, Democrat, of Catawissa, for auditor general. No one is suggested for secretary of internal affairs.

Albert Millar Dies at Lebanon.

Harrisburg, Pa., May 23. — Albert Millar, of Harrisburg, county solicitor and Republican leader of Dauphin county, died suddenly of apoplexy at Lebanon, where he had gone on legal business. Mr. Millar was stricken in the Philadelphia & Reading railroad station and was taken to the Lebanon sanitarium, where he died inside of an hour. He has not been in good health for some time, although his death was unexpected. He was for eight years district attorney of Dauphin county, and prior to that he held the office of county solicitor.

He had been ailing for several years past, but was able to be about the house until two weeks ago when he became so ill that he was compelled to take his bed. He gradually grew weaker until finally he peacefully passed away. His death was due to the infirmities incident to old age. He was conscious up until twenty-four hours before his death.

He took a great interest in the church and its work and was a conecientious christian gentleman. He was three times chosen as a delegate to the Presbyterian General Assembly. All his life he was engaged in farming and was quite successful. He was a member of the Centre County Grange and quite active in every effort to promote its welfare. INDUSTRIAL PIRATES

D. M. Parry Tells of the "Dangers the Country Faces."

HE WON'T CRUSH LABOR UNIONS

Will Educate and Teach Them How to Be Good—Favors Corporations and Calls Government Ownership or Supervision Socialism.

New York, May 15.—The 11th annual convention of the National Association of Manufacturers of the United States began at the Waldorf-Astoria hotel. President D. M. Parry, of Indianapolis, was the presiding officer. In his annual report he said:

"No longer are we looked upon merely as an agricultural nation, for the output of our factories is beginning to exceed in value the output of our farms. We are becoming the workshop as well as the granary of the world. Who can foretell the greatness of our future?

"The industrial era has developed so rapidly that it would have been surprising had society adjusted itself to the new conditions without friction and agitation. While the accumulation of capital is essential to the general material welfare, yet the visual evidences of its accumulation appear to have a baneful effect on certain elements of the population, inflaming their minds with the lust for its possession and causing them to regard it as the legitimate spoils of social warfare. Those afflicted with this passion for seizing something that does not belong to them may aptly be termed industrial buccaneers. There are several kinds and degrees of these buccaneers. Some endeavor to help themselves from the capital fund by using their wits—that is, dishonestly—and some rely on sheer physical force to encompass their ends. I do not refer to the petty swindler or to the vulgar highwayman. These are but common criminals. But I do refer to the capitalistic buccaneers that reap questionable personal profit by the manipulation of the capital they control regardless of the rights of stockholders. I also refer to the buccaneers that follow the red flag of socialism and would confiscate all wealth in the name of the state. Also there are the radical trades unionists, with no business creed that employers and society at large must accede to their arbitrary demands or suffer the stoppage of industry.

"Organizations inimical to the country's welfare make counter organization imperative. A propadanga of evil is to be neutralized only by a propaganda of good. Organized effort to keep public officials from enforcing the law must be met by organized effort of an opposite character.

"It is a mistake to assume that this movement for organization is directed against organized labor as such. It is not the purpose to disband or to crush the unions. But it is the purpose to prevent them from working injury to the common welfare. Labor organizations rightly conducted have a wide field of usefulness in broadening the minds of labor and in promoting good citizenship, but they must learn that they cannot arrogate to themselves a license to override the liberties of others or to stop the wheels of industry at their pleasure. They must be taught the limitations of their power and reform themselves into agencies for good instead of evil.

"Corporations are needful agencies in cheapening and enlarging production, and their formation and development should be encouraged. Nevertheless the managers of corporations must come to recognize that they have no license to rob the public for the benefit of the stockholders or to rob the stockholders for the benefit of themselves. It is robbery of the public when they seek by the use of certain unfair devices to stifle competition and to charge the prices of monopoly.

"The efforts of some of these in control of corporations to secure profits which neither they nor the corporations have justly earned have given rise to the demand for government control of corporations, but government control of corporations, when it means arbitrary limitations of profits legitimately earned, simply spells socialism, and as a remedy for existing evils should be execrated even more than the evils themselves. The government has no more right to interfere with the property rights inherent in individual liberty than has a union or corporations. It is the business of the government to maintain and protect individualism, not to overthrow it.

"The fight against eight-hour and anti-injunction legislation seems never ending, but there must be no cessation of our efforts, not only because such legislation would itself be extremely injurious to the industrial welfare, but also because a test of strength between individualism and socialism is being made on the proposed legislation. Vital principles of government on which there can be no compromise are involved, and the association must continue to stand as a rock against all legislation of this character."

Postmasters Appointed.

Washington, May 15—The president sent the following nominations for postmasters to the senate:

New Jersey—A. W. Boss, Flowington; I. M. Whitaker, Westfield.

Pennsylvania—E. E. Fleming, Haverford; E. E. McCracken, North Wales; William McElhaney, Pencoyd.

FAVOR SUSPENSION OF CRAPSEY

Heresy Court Orders He Quit Ministry Until He Recants.

Rochester, N. Y., May 16.—The verdict in the heresy trial of Rev. Dr. Algernon S. Crapsey was delivered to the accused minister. Four of the judges state that in their opinion sentence should be passed as follows:

"That the respondent should be suspended from exercising the functions of the church until such time as he shall satisfy the ecclesiastical authorities of the diocese that his belief and teaching conform to the doctrine of the apostolic creed and the Nicene creed as this church hath received the same. However, we express the earnest hope and desire that the respondent may see his way clearly during the 30 days that under the canons of the church must intervene before sentence can be pronounced to the full satisfaction of the ecclesiastical authorities of such conformity on his part."

The charges against Dr. Crapsey grew out of a series of sermons delivered by him while he was rector of St. Andrew's church at Rochester and which he subsequently published in book form under the title "Religion and Politics." In brief, the charges declare that Dr. Crapsey in these writings denies the doctrines of the divinity of Christ, his virgin birth, his resurrection and the doctrines of the trinity, as contained in the Apostles' and Nicene creeds and the Book of Common Prayer of the Protestant Episcopal Church of the United States of America.

CRITICISES LABOR UNIONS

Manufacturers Say Their Attitude Toward Trade Schools is Criminal.

New York, May 16.—A criticism of the attitude of labor unions towards industrial schools was embodied in the report of the committee on industrial education to the National Association of Manufacturers. The report declared that labor unions have made efforts to hinder the perpetuation of trade schools. "Their efforts," said the report, "are nothing short of a crime against all those young men who desire to learn a trade, and are the cause, in a considerable measure, for the lack of skilled labor in the United States."

The tariff and reciprocity committee reported that under present conditions many manufacturers are greatly handicapped in the German market. The committee asked that strenuous efforts be made by the United States government to reach immediately a fair basis of trade wth the German emprie. Another need was stated to be some reciprocal arrangement for trade with Canada.

The secretary's preliminary report was adopted. It stated that "an anti-injunction bill of almost any kind was desired by the labor lobby" at Washington during the present session of congress.

May Resume Lake Strike.

Cleveland, May 16.—The conference between marine firemen and representatives of the Lake Carriers' Association, which has been on for the past two days, considering the question of wages, ended abruptly, the marine firemen leaving the conference and refusing to accept the proposed wage scale. As the longshoremen, grain scoopers and water tenders are affiliated together, it is believed the break in negotiations will carry out all of those elements and throw the lake carrying situation back to where it was previous to last week when the agreement was reached between the lake carriers and longshoremen which resulted in a resumption of traffic.

Railroad Laborers Riot.

Bristol, Va., May 16.—As the result of a riot which was incited by 75 Italian laborers employed on the South & Western railroad near Spruce Pine, N. C., one was killed and two seriously injured. For some unknown reason the men quit work and demanded immediate pay. The superintendent was unable to comply with this demand and threats were made to blow up the office and commissary buildings. A posse was organized to quell the mob, and when it approached the house where the ringleaders were assembled they were met with a volley from within. The fire was returned with the above result.

TILLMAN AGAIN DENIES

Says He Never Made Overtures to President on Rate Bill.

RENEWS CHARGE OF BAD FAITH

Declares Mr. Roosevelt Was Not Bound to Change, But He Was Bound Under Circumstances to Give Notice—The Incident Closed.

Washington, May 16.—While the debate on the personnel of the interstate commerce commission was in progress in the senate, Senator Tillman took the floor to make a statement on behalf of ex-Senator Chandler, which has been momentarily expected since Senator Lodge's conveyance last Saturday to the senate of the president's emphatic denial of some of the statements attributed to Mr. Chandler by the South Carolina senator.

Mr. Tillman read the portion of Mr. Chandler's memoranda of his conferences with the president which has heretofore been given to the public, prefacing it with a brief statement of his own saying that on Saturday the senate had been startled and mortified to hear the utterances of an ex-member denounced on behalf of the president as "a deliberate and unqualified falsehood." As he had been responsible for introducing the subject which had caused the attack on Mr. Chandler, he felt under obligations to place him right on the record. To that end he read the ex-senator's statement.

The reading of that statement was followed by the following from Mr. Tillman:

"There are only two points in the president's letter which I deem worthy of notice. His attempted explanation is ingenious, but not ingenuous. He calls in question the integrity of purpose and utterance of Mr. Chandler by declaring:

"'He was asked to see ex-Senator Chandler as representing Mr. Tillman, who was in charge of the bill. He stated to me the views of Mr. Tillman with seeming authority.'

"Mr. Chandler has declared most positively in a written statement that the president sent for him for the purpose of getting into communication with Senator Bailey and myself, and he has produced the letter to Mr. Loeb.

"I now declare most emphatically that to no human being have I ever given authority or even expressed a wish to have any conference with Theodore Roosevelt in regard to the bill now under consideration. On the contrary, I have expressed the opinion in more than one published interview that he had nothing to do with it, and that it was the business of the senate, and while I did, at his request, enter into negotiations with the attorney general, it is well known to every senator on this floor what my attitude and feelings have been, and it is most remarkable while the president sent for Democrat after Democrat to confer with him about this measure, that he should [illegible] the circumstances to assert that I sent an agent to him to begin negotiations. The statement is absurd on its face.

"The other point to which I shall refer is the cavalier way in which Mr. Moody discusses the idea of the president not being bound.

"While contradicting in no instance, however slight, my statement of what occurred, the attorney general seems to think that the code of honor among gentlemen is not binding upon the executive and his cabinet.

"The president asked him to see Mr. Bailey and myself. We met by appointment made by Senator Chandler, and talked over the vital question. He wrote and sent to Mr. Bailey his understanding of our views, and when we met subsequently we reached absolute agreement, both as to the form and the substance of a proposed amendment to which he said the president would assent and help get votes for.

"Of course, the president was not bound to change, but he was bound under such circumstances to give notice, and this was not done. Even the attorney general himself was not notified. The charge I made, and still make, is that the president is guilty of bad faith, and that the rate bill which will be, when enacted into law, a much better and stronger measure than we had hoped to get has been emasculated of one of its most valuable and essential features by the president's action."

When Mr. Tillman had concluded Senator Allison asked to have read the president's letter to him. He only said that his object was to have the letter made as permanent of record as Mr. Tillman's statement. Attorney General Moody's statement to the president also was read.

Mr. Nelson interposed with a motion to lay the pending amendment to the rate bill on the table, which closed the incident.

Killed By Bursting Boiler.

New York, May 16.—One man was killed and three were seriously injured in the drying room of the dyehouse at Julius Kayser & Sons' knitting mills in Brooklyn, when a steam dryer, a cast iron revolving cylinder, exploded. Peter Anthony, 36 years of age, a dyer, was hit in the head by a fragment of the flying iron and died while being taken to a hospital. The man who was operating the dryer was but slightly hurt, while three others in the room suffered injuries from the pieces of metal, which fairly wrecked the room.

How Scores of Bellefonte People Obtain Relief.

If it really were known how many Bellefonte residents have been cured of stomach trouble, and digestion by Dr. Davis' Prescription, it might perhaps surprise you, but what is more surprising is the fact that any one will continue to suffer with heart burn, sour stomach, water brash, sick headache, mental depression, nausea, and other distressing symptoms of dyspepsia when there is a remedy of such great merit that it almost invariably benefits every one that tries it. Pepsicola Tablets are the prescription of Dr. Davis, a physician who devoted a lifetime to the study of stomach trouble, and if your food does not agree with you, if you are tired, nervous, worn out, low spirited and your energy at low par, it may interest you to know that no other prescription in this world has a greater record of cures behind it, and there is nothing more certain to give you relief. Mr. C. M. Parrish will tell you that although Pepsikola is sold on the fairest kind of a money back plan, not more than two in one hundred ever come back for their money. This is the surest evidence of its marvelous curative properties, but so that there may not be the least doubt in your mind as to what Pepsikola will do for you Mr. Parrish will hand your quarter right back to you if you should fail to receive the benefit you look for.

Travelling Is Dangerous

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travellers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, O., writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Sold by C. M. Parrish.

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

Roll of Honor

"Good Housekeeping," a well known household national magazine voluntarily made a thorough examination and test of None-Such Mince Meat, and placed it without reservation upon its roll of honor.

In the March number of Good Housekeeping, in the department of "Pure Food Assurance," we find

"None-Such Mince Meat, Merrill-Soule Co., Syracuse, a semi-moist condensed compound of beef, apples, spices, sugar, raisins, currants, boiled cider and salt, without other preservatives or adulterants, no artificial coloring, produced under conditions as near to sanitary perfections as possible."

This guarantee, which could not be bought at any price, ought to satisfy the most particular house-wife. The sale of one million packages a month seems to prove the statement to be true. Your grocer sells None-Such. Try it, and satisfy yourself. You are the one.

Predicts Great Future For Canada.

Winnipeg, Man., May 16.—James J. Hill, president of the Great Northern railway, was entertained at luncheon by the Canadian Club, where 600 representative citizens sat down. Mr. Hill predicted a wonderful future for the Canadian west and strongly advised against the giving away of the public domains, especially in large blocks, believing the steady influx of immigration will serve to fill up the country.

Foreigners Dissatisfied With Wages.

Shamokin, Pa., May 16.—A number of miners, chiefly foreigners, having refused to go to work at the mines in this region because they were dissatisfied on account of their wages not being increased, the operators notified the leaders of the men that jobs awaiting the return of men will be given to any applicant unless those remaining away from the collieries report for duty at once.

Sidney Krumrine Sells Hyomei Under Guarantee of Cure.

The changeable weather of Spring is directly responsible for the prevalence of catarrhal troubles in Bellefonte at the present time.

As a result Sidney Krumrine had a larger sale for Hyomei the past week than ever before in the years that he has handed this reliable treatment for the cure of catarrh.

If there is a single catarrhal germ in the system, Hyomei will search it out and absolutely destroy it, completely eradicating the trouble. The remedy has made so many cures among Sidney Krumrine's customers that he offers to pay for it himself if it does not benefit even the worst case of catarrh

The complete outfit costs only $1, consisting of an inhaler, medicine dropper, and bottle of Hyomei, while extra bottles of Hyomei can be obtained for 50 cents. There will not be even this small expense if Hyomei does no cure, as Sidney Krumrine will return your money.

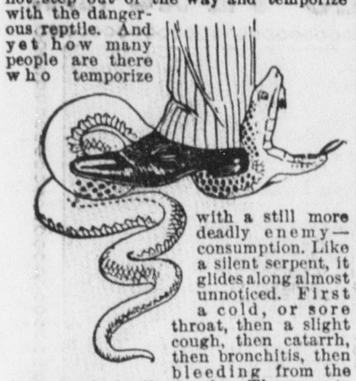
DANGER AVERTED.

If a man should cross a deadly snake in his pathway, he would quickly crush it beneath his heel before it could sink its poisonous fangs into his flesh. He would not step out of the way and temporize with the dangerous reptile. And yet how many people are there who temporize



with a still more deadly enemy—consumption. Like a silent serpent, it glides along almost unnoticed. First a cold, or sore throat, then a slight cough, then catarrh, then bronchitis, then bleeding from the lungs and finally death. The way to crush out the threatening evil is to fortify the system and purify the blood with Dr. Pierce's Golden Medical Discovery. Every weakness and abnormal condition that precedes consumption is cured by this non-alcoholic remedy. At the first sign of derangement of stomach, liver and blood, look out! It is only a question of time until the lungs will be attacked through the impure blood, and then the danger will be most deadly.

It should be known to every sick person that Dr. R. V. Pierce will give carefully considered, fatherly, professional advice by mail to all who write him at Buffalo, N. Y. No charge or fee of any nature is asked.

Mr. Moses Horner, of Stahlstown, Penn'a, writes: "Last fall I took a severe cold (the result of wet feet) and this brought on catarrh and bronchitis which lasted all winter. I used three bottles of Dr. Pierce's Golden Medical Discovery and two or three vials of the "Pleasant Pellets," also one package of Dr. Sage's Catarrh Remedy. I am now cured. Many thanks to you."

An honest dealer will not try to persuade you to take a worthless substitute in place of the "Golden Medical Discovery" for the sake of a little added profit.

Consumption

¶ There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

¶ From time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They *can* take

SCOTT'S EMULSION

and tolerate it for a long time. There is no oil, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

¶ We will send you a sample free.

¶ Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

BOWIE MEETING BROKEN UP

Followers of Voliva Jeered Him and General Fight Ensued.

Chicago, May 14.—A meeting over which John Alexander Dowie presided at Zion City was broken up by a number of the followers of Wilbur Glenn Voliva, assisted by several outsiders, and before the crowd dispersed a general fight ensued.

Dowie was addressing an audience of 600 persons, and made the statement that the overseers of the Voliva faction were thieves and robbers. At once a number of those in the audience were on their feet shouting: "No, no; you are the robber; why don't you pay your debts?" The disturbance became so violent that a Zion Guard was called to restore order. The guard attempted to eject an old man who was loudest in his demands for Dowie to pay his debts, when a dozen men seized the guard and were about to drag him down the aisle, when Gladstone Dowie and Deacon Arlington mounted the platform and called for attention.

After quiet had been restored Dowie again attempted to proceed, but he was jeered and called traitor and robber until he finally decided to dismiss the audience.

Dowie was so weak that he had to be carried from his carriage into the tabernacle by two attendants.

At an after meeting, called for Dowie adherents only, but which was invaded by a large number of those who were riotous at the former meeting, Dowie precipitated a second general disturbance. He caused to be read a letter from one of his supporters, stating that the writer's wife had passed safely through the crisis of a serious illness while Dowie prayed for her. This fact Dowie compared with the case of Mrs. H. E. Cantel, wife of an overseer, who died last Friday without medical attention while Voliva and his supporters were offering prayers for her recovery. Dowie declared that he feared the woman died because she had associated herself with the rebels. Immediately there was a storm of hisses and shouts of "shame," shame."

"There is death in store for more of you if this rebellion keeps on," continued Dowie. Again the people sprang from their chairs, shouting and gesticulating, until the tumult became so general that Dowie was obliged to bring this meeting to a close.

DROWNED IN OLD CISTERN

Mother Killed While Romping With Children.

New York, May 15.—Mrs. J. Hammond, of Corona, L. I., while romping with her children in the rear of her home, suddenly disappeared. Two hours later she was found dead at the bottom of an old cistern a few feet from the rear of her home.

When Mrs. Hammond disappeared her children, thinking she was in hiding, laughingly began a search of the grounds. Not finding her, they became alarmed and called in neighbors. Another search showed that the boards covering the old cistern were broken. When the cover was raised the body of Mrs. Hammond was found lying in four feet of water.

LOST BABES NEARLY DIED

Tiny Trio Spent Several Nights On a Frosty Mountain.

Shenandoah, Pa., May 14. — After many bands of searchers had given up hope of ever finding little Paul Veronica Whitkowskas and Eva Morgalis, aged 5 and 3 years, who wandered away from home on Thursday, the tiny trio were finally located upon Locust mountain.

The footsore, though joyful band of searchers was headed by the fathers of the children. They found the children in a pitiful condition, half starved and almost overcome by the unusually cold weather, particularly of the two cold nights.

The little ones' only subsistence were of leaves and teaberry bark.

The scene presented by the parents upon the discovery of their children caused big brawney men of the searching party to weep for joy.

The children were tenderly carried home by the joyful searchers, and are now under the care of physicians, who say the little ones are in a serious condition, and particularly the two girls, from their terrific experience in cold, hunger and exposure.

TWO GIRLS DROWNED

Were Passengers In a Sailboat Which Upset.

Atlantic City, N. J., May 14.—Rosie Davis and Kate Walter, both about 18 years old, were drowned at Clark's Landing, on the Mullica river, by the upsetting of a sailboat in which they were passengers. Frank Sharp and Henry Gries, who were with the girls, state that the rudder became unfastened as a sudden squall overturned the boat. They say the girls were caught under the boat and did not reappear. The men succeeded in swimming ashore.

A party of 20 strated out in a larger boat, which would not hold all hands, so the girls and their escorts went out in the smaller craft, which capsized.

Practically All Collieries In Anthracite Region In Operation.

Scranton, Pa., May 14.—Work was generally resumed at practically all of the collieries. All of the imports have been shipped away and almost all of the evidences of their occupancy of the collieries have been removed.

None of these companies will post notices setting forth that the collieries will be operated under a continuation of the award of the Anthracite strike commission. General Superintendent W. A. May, of the Erie company, said: "We shall post no more notices. There were notices posted before the suspension went into effect. Those must suffice. I guess the men understand the terms under which they are coming back to work."

Beaten to Death On Street.

Buffalo, N. Y., May 14.—Joseph Crosson, an iron moulder, 42 years old, was beaten to death by an unknown assailant. The only witness to the tragedy was a little girl. She told the police that Crosson had just turned off lower Main street into Quay street when he was attacked by another man, apparently a workman from the docks. Crosson came here several weeks ago with strike breakers to work for the Buffalo scale company. He deserted the shops and later appeared among the strike breakers, offering money if they would quit work.

Labor Union Rejects Preacher.

St. Louis, May 14.—After a prolonged discussion, the Central Trades and Labor Union, by a vote of 48 to 74, rejected the application of Rev. E. W. McClusky for membership, representing the Presbyterian Ministers' Association. Rev. McClusky said that the object of his application for membership in the union was in pursuance of the action taken by the national body of the Presbyterian church in having adopted a department of church and labor in the interest of fraternity and courtesy and religious opportunity.

Two Firemen Meet Death.

Trenton, N. J., May 14.—Two firemen, Frank Riley, Engine No. 4, and Charles Howell, Chemical No. 1, lost their lives by being crushed under a falling floor in a fire at the New Jersey Pulp Plaster company's plant on New York avenue. Two other firemen had narrow escapes. After the fire had been practically extinguished the men crawled into the basement with a hose to play on some burning timbers. They had scarcely got inside until the floor fell. The pecuniary loss was $25,000.

CARL SCHURZ IS DEAD

Noted Publicist Succumbs to Complication of Diseases.

New York, May 15.—Carl Schurz, widely known as a publicist, and former cabinet member, died at his home in this city. Death was due to a complication of diseases following an attack of stomach trouble, which became acute on Thursday last. At the bedside were a son, Carl L., and two daughters, Marianne and Agatha, Edward L. Pretorius, Mr. Schurz's business partner, and Drs. Jacobi and Strauss.

CARL SCHURZ.

Mr. Schurz was 76 years old, having been born in Cologne March 2, 1829. After being graduated from the University of Bonn he became editor of a liberal newspaper and participated in the revolution of 1848. His daring in effecting the escape from prison of several colleagues in that movement led to his departure for Paris. He spent only a few months there and then came to the United States.

After taking up the practice of law in Milwaukee, he soon made himself a national figure in politics as one of the leaders of the German element in the newly formed Republican party. He was a foremost figure in the Republican national convention at Chicago in 1860. President Lincoln appointed him minister to Spain in 1861, but he resigned when the war broke out and served with distinction until the end of hostilities. He commanded the Eleventh Army Corps at the battle of Chattanooga.

Returning from a European visit in 1875, he settled in New York. From 1877 to 1881 he was secretary of the interior. For three years he was editor-in-chief of the New York Evening Post. He turned from Blaine to Cleveland in 1884 and has been a consistent supporter of the latter's policies.

Through his political activities and writings Mr. Schurz has long been regarded as one of the foremost publicists in American life.

Police Fight Negro Mob.

Kansas City, May 15.—In a fight between 12 policemen and 200 negroes scores of the participants were hurt and the uniforms of the officers were torn. Attracted by a circus performance, the negroes assembled on a common, where they commenced to drink beer and soon became noisy and disorderly. A policeman tried to quell the disturbance and was handled roughly. He turned in a riot call, and a sergeant with 10 patrolmen responded promptly. The negroes used stones, while the officers wielded clubs vigorously. The melee was so fierce that the officers were unable to make any arrests, the negroes finally running away.

The Largest Sailing Vessel.

New York, May 15.—When the German five-masted bark R. C. Rickmers, which was sighted east of Fire Island, enters port nautical men and others interested in shipping affairs will have an opportunity of viewing the largest sailing vessel in the world. On April 22 the R. C. Rickmers left Bremen, and on her maiden voyage to this port has averaged about 160 miles each day out. She will load case oil for Japan. Her principal dimensions are: Length, 441 feet; extreme width, 54 feet 3 inches, and draught, 26 feet 2 inches.

Will Build Replica of Independence Hall.

Philadelphia, May 15.—The Pennsylvania commission to the Jamestown Exposition decided that the Pennsylvania building at Jamestown, Va., shall be a replica of Independence Hall on a slightly reduced scale. One member, Earnie Oppenheimer, the eldest daughter, aged 2 4years, died. The father, Simon, and another daughter and two sons are at the Homeopathic hospital in a precarious condition. The family had beefsteak for supper, and it is believed this contained some poison. The police are investigating.

EFFECT OF RATE BILL

Will be More Far-Reaching Than Any Law of Recent Years.

RESTRICTIONS ON CARRIERS

Interstate Commission to Fix Rates When Complaint is Sustained, and Heavy Penalties Provided For Rebating and Other Discrimination.

Washington, May 23.—With the railroad rate bill out of the way, pressure for the adjournment of congress is beginning to be felt. The house committee having sent the bill to conference, it is believed an adjournment will soon be reached.

The most important provision of the act confers on the interstate commerce commission the authority, on complaint, to examine into any charge or practice of a carrier alleged to be unjust, and when such allegation is sustained to prescribe what shall be a just and reasonable maximum rate or charge, regulation or practice.

The act defines as common carriers owners of pipe lines engaged in the transportation of oil or other commodity, except water and natural or artificial gas; also sleeping car and express companies, and includes as of private cars, terminals, switches and spur tracks.

Free Passes Forbidden.

The issuance of passes or free transportation in any form to all persons, except employes or carriers and their families and certain exempted classes, is forbidden, and a penalty of not less than $100 nor more than $2000 is provided, not only for the person issuing such free transportation, but also for the person applying for or accepting it.

Common carriers are prohibited, on and after May 1, 1098, from transporting across and state or territorial line any article or commodity other than timber and the manufactured products thereof, manufactured, mined or produced by it or under its authority. They are required to construct and operate upon reasonable terms sidetracks and switch lines and to furnish cars for the movement of traffic without discrimination and to furnish equally good accommodations to all persons paying the same fare.

Carriers must print and post in conspicuous places all tariffs and charges, and such charges cannot be changed without 30 days' notice to the public and to the interstate commerce commission, except where the commission waives such notice. They are required in time of war or threatened war, on demand of the president, to give preference and precedence to the transportation of troops and munitions of war. Every person, company or corporation, whether carrier or shipper, is prohibited from offering, granting, giving, soliciting, accepting or receiving any rebate, preference or discrimination.

Heavy Penalties For Violations.

Heavy penalties, and in some instances imprisonment, are prescribed for violation of the provisions of the act, individuals and corporations alike to be held guilty of misdemeanor for any violation willfully committed, and the corporations and individuals are held responsible for the acts of any agent. Failure to publish tariff entails a fine of not less than $1000 and not more than $20,000.

Granting or accepting of rebates or kindred discriminations entails a fine of not less than $1000 and not more than $20,000, and the individual guilty of such act is liable to imprisonment for not more than two years in addition to the fine, in the discretion of the court.

Any shipper who willfully accepts a rebate or discrimination must, in addition to the above penalties, pay to the United States three times the value of such rebate or discrimination, and the attorney general is required to bring civil suit to recover this penalty whenever he believes such violation of law has occurred.

The authority of the interstate commerce commission to fix maximum rates refers not only to single, but joint rates, and applies where one of the parties to the joint rate is a water line.

Forfeits For Failure to Obey Orders.

For failure to obey an order of the commission the carrier forfeits to the United States $5000 for each offense, and each day of a continuing violation is deemed a separate offense.

Where the interstate commerce commission orders a refund to a shipper [illegible] to comply with [illegible] commission, other than the payment of money, may apply to the circuit court and if the case is established the court shall issue a writ of injunction, mandatory or otherwise, to restrain such carrier from further disobedience, and from such action appeal shall lie direct to the supreme court of the United States, where the case shall have priority of hearing and determination.

The Allison Amendment.

The act provides that in suits brought against the interstate commerce commission the venue to enjoin, set aside, annul or suspend any order or requirement of the commission shall be in the circuit court of the district where the carrier has its principal operating office, and jurisdiction is vested in such courts. The provisions of the expediting act of Feb. 11, 1903, are made to apply to such suits, including hearings on application for preliminary injunctions, which may be granted only on hearing after five days' notice to the commission. Appeals from any interlocutory order or decree are to be made only to the supreme court of the United States. These constitute the provisions of the so called Allison amendment.

The commission is authorized to require the most comprehensive statistics from all common carriers regarding their business under a penalty on the carriers of $100 for every day in default.

Constant Access to All Records.

The commission is authorized to prescribe the form of all accounts kept by carriers, shall constantly have access to all records, accounts and memoranda kept by them, refusal to grant such access entailing a penalty of $500 for each offense or for each day such refusal is maintained. False entries made by any person keeping the books of a carrier are made punishable by a fine of from $1000 to $5000 or imprisonment for from one to three years, or both.

Carriers are also required to issue bills of lading for all shipments accepted and shall be liable to damage for the loss or injury of any property for which a bill of lading is given and no contract, receipt, rule or regulation shall exempt the carrier from liability.

Authority conferred on the commission to prescribe practices, etc., includes not only switching charges and similar services, but icing charges and any other practice which may be rendered as a part of interstate transportation.

DEMURRER OVERRULED

Railroads and Others Must Stand Trial at Kansas City For Rebating.

Kansas City, May 23.—The demurrer of the Burlington railway, denying the jurisdiction of the government in export freight rates, was overruled in the United States court here by Judge Smith McPherson, of Red Oak, Ia. The decision is of great importance to shipping interests, and of particular weight because it tends to destroy the contention of the railways that export rates need not be made public.

It means, too, that the Burlington railway and the other railroads, corporations and persons indicted here in December must stand trial on the charges of accepting rebates. The trial of the Burlington was set for May 31.

ENDORSE BRYAN FOR PRESIDENT

Democratic Convention Representing 16 Ohio Counties Declares For Him.

Lima, O., May 23.—William Jennings Bryan was endorsed for president here by the Democratic judicial convention of 16 counties of northwestern Ohio. The resolutions, which were adopted with cheering, declare that Bryan would have been re-nominated and elected in 1904 had the trusts not stolen the nomination from him, and that the national Democracy will nominate him in 1908 by acclamation.

Extortionate Charges For Autos.

San Francisco, May 23.—Extortionate charges to the city for automobile hire during the first two weeks following the fire may develop into a huge scandal before the finance committee finishes auditing the accounts. In the tabulated statement filed with the committee of 40 there appears a charge of $157,599 for automobile service. What the committee will do with this item is still undetermined. In the same table is a statement of charges for milk, butter, eggs, bread, vegetables, drugs, hay, grain and clothing. The total cost for these necessaries does not equal the cost of the hire of automobiles.

[illegible]

Wilmington, Del., May 23.—Negotiations have been commenced in a quiet way to make an effort to combine several of the national banks in this city into one with an immense capital. The figures are not given, but it is said that the idea is to make the capitalization of the new bank $25,000,000. According to rumors, the DuPont interests are behind the movement. Members of the big powder company are already interested in the Wilmington Trust company, for which an office is being provided in the new DuPont skyscraper, now building at 10th and Market streets.

Found Underground Chinese Colony.

Seattle, May 23.—An underground Chinese colony, similar to that which existed in San Francisco, has been discovered here by city officials. By burrowing under buildings, sidewalks and alleys, the Chinese have excavated passageways to rooms in which gambling and opium smoking is carried on. Many of the rooms are lighted by electricity. Some of the passageways extend for half a block or more and are many feet below sub-cellars and sidewalks.

KNIGHTS TEMPLAR PARADE

Seven Thousand, With 35 Bands, in Line in Pittsburg.

Pittsburg, Pa., May 23.—Seven thousand Knights Templar of Pennsylvania made up the marching body of the 53d annual conclave of that order, and with weather that was ideal marched through the streets of Pittsburg and Allegheny beneath flying banners and between cheering crowds that flanked the entire line of march. The procession was ont hour and a half in passing a given point. Commanderies from every section of the state turned out representative bodies, and in almost every instance accompanied by a band. Of the latter there were 35 in line.

The reviewing stand was in Allegheny, and as the commanderies marched past they saluted the grand commandery officers, and the procession was dismissed. The 35 bands then consolidated, and in one massive organization of about 1000 pieces marched past the reviewing stand to the martial strains of "Onward Christian Soldiers."

The grand commandery sessions were begun in the afternoon, Right Eminent Commander William J. Diehl presiding. Mayor Guthrie, who is a 33d degree Mason, welcomed the grand commandery on behalf of the city, and Commander Diehl responded.

BELIEVE THEY HAVE MURDERER

Officers of Two Cities Think They Have Negro Wanted In Maryland.

Binghamton, N. Y., May 23. — The Binghamton police believe that they have captured Al Carter, Rainey or Riley, the negro wanted for the murder of Thomas Rinehart at Dorsey's Run, Md., and who is reported to have been arrested and confessed at Bridgeton, N. J. The man arrested here under the name of Wallace Templeton exactly answers the Bertillon measurements sent out by the Maryland authorities as those of Carter. Even a broken tooth which Templeton has answers the description in the circular from Maryland.

Negro Confesses Murder.

Bridgeton, N. J., May 23.—Albert Riley, a negro suspect in jail here, confessed to Constable Edward Reeves that he murdered Thomas Rinehart, a contractor, at Dorsey's Run, Md., on April 7 last. A reward of $1000 had been offered by the Maryland authorities for the apprehension of Rinehart's murderer.

QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE
Heartily Approves of Peruna For the Nerves.

IN a recent letter to The Peruna Medicine Co., Miss Julia Marlowe, of New York City, writes the following:

"I am glad to write my endorsement of the great remedy, Peruna, as a nerve tonic. I do so most heartily."--Julia Marlowe.

Nervousness is very common among women. This condition is due to anemic nerve centers. The nerve centers are the reservoirs of nervous vitality. These centers become bloodless for want of proper nutrition.

This is especially true in the spring season. Every spring a host of invalids are produced as the direct result of weak nerves.

This can be easily obviated by using Peruna. Peruna strikes at the root of the difficulty by correcting the digestion.

Digestion furnishes nutrition for the nerve centers. Properly digested food furnishes these reservoirs of life with vitality which leads to strong, steady nerves, and thus nourishes life.

Peruna is in great favor among women, especially those who have vocations that are trying to the nerves.

Peruna furnishes the lasting vigor for the nerves that such people need.

Thousands of testimonials from women in all parts of the United States are being received every year. Such unsolicited evidence surely proves that Peruna is without an equal as a nerve tonic and a vital invigorator.

Buy a bottle of Peruna to-day. If you do not receive all the benefits from Peruna that you expected, write to Dr. S. B. Hartman, Columbus, Ohio.

Simon Nyhart received from 24 pullets and 3 old hens beginning the 1st of Nov. 1905 to May 18th 1906, 1246 eggs, 112 chicks, sold 64 chickens and 4 old hens, killed 8, lost 5.

Wm. Quick on Friday forencon was lathing a roof for shingling a house, one of the lath broke with him, throwing him to the ground, dislocating his left shoulder.

A man from the oil fields arrived at the farm of F. L. Shope, 3 miles north of Milesburg, with his drilling tools for the purpose of testing or boring for oil, gas, or anything there is money in, 1000 acres of ground leased for that purpose already. Stock $25 per share.

Pawnee Bill's Wild West show passed down the B. E. V. R. R., with a large train Sunday morning.

James Sterrette with three of his young associates Sundayed at Uzzle's Park in the city of Snow Shoe recently, and had an old fashion picnic dinner, the ladies knew how to tickle Jim's appetite.

Port Matilda

All are crying for rain around here. The grain got started nicely but as we have had no rain of any account for the last month or more, there will not be as good a harvest as was predicted.

Mrs. A. R. Woodring, who lives about a mile and a half along the pike above town, fell through a hole in an out build'g on last Wednesday and broke one leg above the ankle and sprained the other terribly. She was gathering eggs and there was no one about as Mr. Woodring was after the cows. She caught herself as she was falling through but after crying for help until she was weak and her arms ached she let go and dropped about 15 feet through the shed. She has been suffering greatly with her injuries which are getting along as well as can be expected.

Miss Adda Thompson, invited about twenty-five of her school mates and friends out to her home about 1½ mile out of town on last Wednesday evening. All seemed to have enjoyed themselves and after the abundance of refreshments were passed around they played a few games and it seems Sam must have been in the "Home Waltz" too, although Mr. Agent seemed to have a "two-step" home.

There was quite an exciting time in town last Thursday evening. About the time the people around here were eating supper they heard the alarm given for fire. Everybody rushed to the scene thinking it was Adam Cowher's house, but it no doubt would have been had they not gotten the fire out of his workshop as it was very dry and the water became scarce. Of course Mack and Geo. would not need water to get it under control.

Messrs Geo. Cogan of Ambery, and Howard Woodring of Tyrone were visitors in and about town on last Wednesday and Thursday.

Mrs. Walter Galbraith and Mrs. Francis Gilman of Tyrone were here all day Thursday working with the help of a couple men on their father and brother's graves in which they take so much pride in keeping nice.

Mr. S. R. Pringle is giving his building a new coat of paint which adds greatly to the appearance of the building as well as the town.

Circus at Lock Haven.

On Wednesday, May 30, the famous Hargreaves railroad circus will exhibit in Lock Haven.

The myriad thrilling aerial acts presented by Thomas Hargreaves constitute, in themselves, a complete circus high up in the dome of the "big top." They include every conceivable form of aerial feat. However, the aerial acts form but a small portion of the Hargreaves circus. There are countless other all-star features, many of which are exclusive. The scores upon scores of male and female equestrians, acrobats, tumblers, athletes, jockeys, drivers, animal trainers and clowns furnish a veritable deluge of decidedly hazardous acts, bewildering, both in number and quality. The enormous double menagerie forms a complete zoological display which is second to none in all the world. In this department are to be found the most perfect specimens of every species of animal life in existence, carefully classified. In the gigantic double hippodrome and race track the sports of ancient Rome are most realistically reproduced, while in the double museum may be seen a wealth of the most extraordinary human freaks of the world.

The majestic, scintillating free street parade will move over the principle thoroughfares at 10 a. m., on the above day and date. This procession will be over one mile in length, compact, and contain several bands, over twenty-five dens of r

NEGRO LYNCHED BY MOB

Wounded Man Taken From Bed and Strung Up.

WAS SHOT BY HIS VICTIM

After Assaulting Woman He Threatened to Kill Her, and When He Called Again She Opened Fire With a Pistol.

Eastman, Ga., May 15.—Mrs. Pope, a widow, who lives alone about six miles north of Eastman, was assaulted by a negro named Will Wommock last Friday night. Wommock went to the home of Mrs. Pope and, calling her out, told her a neighbor was sick and they had sent him for her. When she came out he seized her and, drawing a knife, told her if she made an outcry he would cut her throat. He also told her if she made the assault known he would kill her, and that he would be back the next night.

The next day Mrs. Pope cut a hole in the front door and covered it with a piece of cloth. When she heard some one step upon the porch Saturday night she asked if it was the same person who had been there the night before, and when he replied that it was, she snatched the cloth from over the hole and began firing, one bullet striking Wommock in the stomach and passing through the body. Wommock then turned and ran. Mrs. Pope continued to shoot at him until she had exhausted the contents of her pistol.

Neighbors, attracted by the shooting, visited Mrs. Pope's house and learned of the occurrence. They went to Wommock's house and found him in bed wounded. At first he denied his guilt, but later confessed. He was then taken out and strung up and his body riddled with bullets, after which the mob quietly dispersed.

An inquest was held and the coroner's jury returned a verdict that the deceased came to his death at the hands of unknown parties.

ODD FELLOWS INVADE PITTSBURG

Delegates to Pennsylvania Grand Lodge Are Arriving.

Pittsburg, May 15.—Delegates to the Grand Lodge Encampment, Independent Order of Odd Fellows, are arriving from all over the state, and it is estimated that 1200 delegates will be in attendance. The read business of the encampment began with a session of the grand lodge, which conferred degrees on past grands.

During the week the Philadelphia delegation will bring before the grand lodge the precarious condition of the $200,000 temple in that city. This building is in the hands of a receiver, and the grand lodge will be asked to assist in removing the indebtedness.

Ohio Operators Prepare to Resume.

Steubenville, O., May 16. — Eastern Ohio operators are preparing to start the United States Coal company's mines, which formerly employed 1000 men; also the Roby company's three mines, formerly employing 8000 non-union men. The two companies have a lot of fit cars on sidings and are trying to persuade the foreign miners to go to work on the same basis as last year. The miners' officials are making desperate efforts to keep their men in line, but indications are that some of them will break over, as many of them are entirely penniless.

Killed Himself In Hotel.

Philadelphia, May 16.—A man who registered as "C. F. Whitney, Ithaca, N. Y.," at the Colonnade hotel, in this city, Monday afternoon, was found dead in his room, having killed himself with a revolver. There was nothing in the man's effects to positively identify him, and as his clothes indicated that he was in mourning, the police believe he ended his life while grieving over a recent bereavement.

Arrest Turns His Hair Gray.

Pittsburg, May 14.—Stephen Beccario, for years a waiter in the swell Duquesne Club here, was brought back from Atlantic City, having been arrested there last week on a charge of absconding with about $3000 worth of diamonds belonging to other people. His hair is turning gray since his arrest, and he has ten times attempted suicide.

KILLED ONE AND WOUNDED FIVE

Drink-Crazed Telegraph Operater Runs Amuck in Southern Town.

Atlanta, Ga., May 16. — Crazed by drink and by disappointment in a love affair, James H. Clark, a telegraph operator at the little town of Chamblee, a dozen miles north of Atlanta, began a rampage of crime. In less than 24 hours he killed one man, severely wounded three others, slightly wounded a fifth and clubbed a sixth with a shotgun, set fire to the home of one of his victims, and when surrounded by a posse shot himself through the heart. Clark paid marked attention to the niece of E. S. Purcell, but was discouraged. He went to the Purcell home and demanded admittance, which was refused. He set fire to the kitchen, and when E. S. Purcell and his son, W. J. Purcell, appeared to fight the flames Clark fired upon them, wounding both. Returning later, Clark made another attempt to set fire to the house, and when an attempt was made to seize him he shot W. S. Mask, railroad station agent, in the neck.

Clark then fled to Dunwoody. He went to the store of Nash & Cheek and demanded ammunition. The store people had been warned by telephone, and refused to sell the required cartridges. Clark immediately fired, killing Cheek with a bullet through the heart. He fired also at Mr. Nash, inflicting a dangerous wound. He then ran to the woods. On the way down the railroad tracks he met W. J. Coker, whom he attacked, wounding him slightly. Officers were roused at once and hounds were put on the track of the insane man. He was seen in the roadway near Chamblee, and when he found himself surrounded he ended his wild career.

AERONAUTS DUMPED INTO RIVER

Nearly Lost Their Lives In Attempting Balloon Trip to Coney Island.

New York, May 16.—While attempting a trip to Coney Island in a balloon, Leo Stevens, an aeronaut, and Tracy Tindell, his companion, were thrown against the Palisades on the New Jersey shore and dumped into the Hudson river. They were rescued by fishermen who had witnessed the accident.

The ascent was made in this city. Mrs. Stevens followed the course of the balloon in an automobile. Unable to find a favorable current, Stevens decided to descend near Greystone. The balloon swept gradually down as it crossed the Hudson river, but ballast was thrown out, and as the Jersey shore was approached the balloon began to rise. A sudden gust of wind, however, carried the basket against the Palisades. It tipped sharply, and Stevens and Tindall were thhrown into the river. Mrs. Stevens witnessed the accident. When the fishermen reached the men they were nearly exhausted from their struggle in the water.

VOTE ON RATE BILL NEAR

Senate May Pass Measure Before Today's Adjournment.

Washington, May 16.—With the exception of the anti-pass amendment, the senate concluded its consideration of the railway rate bill as in committee of the whole, and as soon as that provision shall be disposed of will take it up in the senate. The general expectation is that the pass question will be disposed of today and the general hope is that the bill may be passed before the close of today's session.

The pass question was brought to life again through the instrumentality of a motion made by Senator Culberson, author of the original provision, to reconsider he vote by which it was adopted, which was agreed to. A number of suggestions in the way of substitutes were presented, and these will have to be dealt with before the bill can be reported to the senate. After it is reported several questions will be reopened.

Fear War With Turkey In Summer.

Tiflis, Trans-Caucasia, May 16. — There is considerable excitement in Trans-Caucasia owing to the possibility of war with Turkey in the summer. Turkey seems to be mobilizing troops near the frontier, explaining that they are simply engaged in manoeuvres. Nevertheless the viceroy of Trans-Caucasia appears to be preparing for eventualities. General Malams, the chief of staff, has made an extensive inspection of the frontier, and the fortifications of Kars, the strongest fortress on the border, are being strengthened.

THEY DEMAND AMNESTY

Sharp Politics Sidetrack Revolt in Russian Parliament.

FFAHTER GAPON'S BODY FOUND

Remains of Former Priest Discovered Hanging in a Room of House in Finland—Had Been Dead Over a Month.

St. Petersburg, May 14.—Another of the incipient radical revolts with which it is apparent the Constitutional Democratic majority must continually contend broke out in the lower house of the parliament when labor members introduced resolutions for the immediate submission to Emperor Nicholas by telegraph of a demand that amnesty be proclaimed at once.

In view of the May Day demonstrations and the arrests that are expected, the Constitutional Democratic leaders were scarcely able to stave off so precipitate a move, which would undo all the results of their moderation, by sending their best orators into the fray, when Professor Kovalevsky, a free lance member, proposed that instead of telegraphing, the house send President Mouromtseff to Peterhof with the request for immediate amnesty.

This threatened to sweep the house, but the Constitutional Democrats by sharp politics managed to sidetrack the matter until after the selection of a commission which, according to Russian procedure, occupied several hours, and then were able to defeat it.

After this incident the lower house adjourned until Tuesday. May Day was not mentioned, but abandonment of the Monday session was dictated out of respect for the Socialist holiday as well as with the desire to give the commission adequate time to draft the reply to the speech from the throne.

The mystery of the fate of Father Gapon apparently was cleared up by the discovery of a corpse, which has almost positively been identified as that of the former priest, hanging in the upper chamber of a lonely villa in the summer suburb of Ozarki, Finland. The villa was rented April 8 for the summer and a deposit paid by an unknown man from St. Petersburg, who after visiting the house several times in company with a young workman, disappeared April 11, taking the key with him. The proprietress of the villa, alarmed at the non-appearance of the tenant, notified the police, who entered the house. Breaking down a door, they were confronted by a body in a long coat hanging from a nail, the feet touching the floor. Decomposition of the face made positive identification difficult, but the features resembled those of Gapon and the clothing corresponded with that worn by the missing labor leader. As the usual symptoms of strangulation were absent, it is conjectured that the man was killed elsewhere and his body brought to the villa on the night of April 10. This would agree with the date of the execution of Gapon given in information of the secret police and with the death sentence of the former priest as announced in recent dispatches from Berlin.

MINERS' LEADERS IN POLITICS

Several of Them Have Already Entered As Aspirants.

Mahanoy City, Pa., May 14.—Asserting that there are 100,000 registered voters in the organization, the leaders of the United Mine Workers in the anthracite field are actually planning to go into state politics. Their most prominent men already in the field as candidates for the legislature are National Board Member Miles Dougherty, of Shamokin; P. G. Gallagher, of Freeland; Andrew Hatti, of Hazleton; John Dempsey, of Scranton, and Herbert J. Noakes, of this city.

One thing seems certain — that no member of the last legislature who voted for the state constabulary, the eviction and trespass laws will receive the support of the mine workers for re-election.

Monument to General Collis.

Gettysburg, Pa., May 14.—A handsome monument, erected by the survivors of his regiment and his friends in civic life, was dedicated to the memory of the late Brevet Major General Charles H. T. Collis in the National cemetery here. The memorial consists of a bronze bust of the late commander, which rests imposingly upon a white granite base in the form of a settee. The oration was delivered by Judge William N. Ashman, of Philadelphia, in the presence of a large assemblage, among whom were 40 survivors of the 114th regiment, Pennsylvania Volunteers (Collis' Zouaves).

Says Day's Criticism Is Silly.

Detroit, May 14. — Bishop McCabe, chancellor of the American university at Washington, who came here to attend the dedication of the Grand River Avenue Methodist church, took occasion in an interview to say that Chancellor Day, of Syracuse university, in his recent criticism of President Roosevelt, did not represent the Methodist church, either officially or in sentiment. Bishop McCabe characterized Chancellor Day's action as violent, unjust and silly.

Shot and Killed By Daughter.

Jacksonville, Fla., May 15.—C. E. Hooks, a well-known merchant, was shot and killed by his 17-year-old daughter Bessie. Hooks and his wife quarreled recently and he had been away from home for a week. He returned and had a violent quarrel with his wife. His daughter says she secured his revolver to prevent his using it, and in a scuffle, he trying to take the revolver away from her, it was fired, the bullet entering his breast and killing him instantly. The wife and his two daughters were the only witnesses.

Scranton, Pa., May 15.—Scranton carpenters, who conducted a three years' strike, ending in June, 1904, went on strike again. They are asking 37½ cents an hour and some minor concessions. The contractors are willing to grant all concessions demanded by the employes if the latter will agree to an "open shop" clause in the contract. The employes are agreeable to leaving the question of open or closed shop out of the agreement entirely.

INDIAN PRINCE ARRIVES

The Maharajah of Gaekwar to Tour the Country.

HE WILL VISIT THE PRESIDENT

Is the Second Greatest Prince of All All India, and Rules 2,000,000 People — Is Deeply Interested in Colleges.

New York, May 14.—The Maharajah Gaekwar of Baroda, accompanied by his wife, the maharanee, and his brother, Sampatras, landed from the steamer Celtic, which arrived from Liverpool. The Maharapah Gaekwar is the second greatest prince in all India, and the direct descendant of one of the Maharatta generals, who were the moguls or rulers of India when the East India company wrested control from them. He is the ruler of the state of Baroda, which has a population of 2,000,000 and an area of 84,000 square miles. His brother acts as his secretary.

There were many persons on the pier to see the ruler of Baroda, but who expected to see a man decked in Oriental trappings and hung with jewels were disappointed. Descending the gang plank there came a dapper little man, who would have been taken ordinarily for a prosperous East Indian merchant. He and his wife, followed by two maids, were taken to the Waldorf-Astoria hotel, where they will stop while in New York.

"During my stay in the United States," said the Maharajah, "I shall visit most of your large clleges. I am most anxious to see Yale, Princeton, Harvard and Cornell, for I understand that there are a large number of Indian students at these institutions. After I have spent two weeks in New York, I shall go to Boston, from there to Philadelphia and then through the west to Yellowstone Park. And on my return I intend to visit President Roosevelt at Washington."

During his stay in America, the Maharajah will buy gifts for his young daughter, the Princess Indirarapa, who is now 13 years of age and is to be married in the early fall to the Rajah of Dharthe, ruler of the state of Dhar.

The Maharajah takes a deep interest in the development and uplifting of his fellow-countrymen, and toward this end has established a college in Baroda. He will send some of the graduates to the United States to learn the customs of the people here.

FAVORITES GOT CARS

Pet Coal Mines Received More Than Their Quota.

EVIDENCE OF DISCRIMINATION

Pennsylvania and Baltimore & Ohio Made Special Assignments to Certain Companies—Smaller Concerns Suffered Shortage.

Philadelphia, May 16. — Testimony tending to show favoritism by railroad companies in the distribution of coal cars was elicited when the interstate commerce commission resumed its investigation into the alleged railroad discrimination. Shortly before the close of the session George W. Clark, a car distributor employed by the Pennsylvania Railroad company at Altoona, Pa., admitted that he had received orders to make special assignments of cars to the Berwind-White Coal company and that frequently these assignments were made previous to the regular percentage distribution. Mr. Clark admitted that special allotments had at times to a certain extent interfered with an equitable distribution of cars.

Arthur Hale, superintendent of transportation of the Baltimore & Ohio railroad, was on the stand the greater part of the day. Through him it was brought out that the Merchants' Coal company and the Somerset Coal company had frequently received many cars in excess of their percentage allotment, while various smaller companies suffered a shortage. Mr. Hale explained that the shortage shown on the records did not indicate that the companies suffered for lack of cars, as in many cases these companies could not handle their full complement of cars. An interesting point in Superintendent Hale's testimony was the fact that the Baltimore & Ohio company had made frequent charges in the percentage basis. Counsel for the commission called attention to the fact that these changes were made at times when certain companies had received cars far in excess of their percentage allotment. Mr. Hale said that these excesses and shortages were not evened up when the new percentages were adopted.

The full commission, consisting of Martin A. Knapp, chairman; Francis M. Cockrell, Judson C. Clements and Charles A. Prouty, are conducting the hearings.

Tried to Blow Up a Bridge.

Scranton, Pa., May 14. — Twelve sticks of dynamite were placed under the Church street bridge, Minooka, and exploded. Fortunately the attempt was not very successful, as the desperadoes were evidently amateurs, and placed the dynamite in such a manner that it had proportionately little effect. The windows of the schoolhouse were shattered and damage was done to other property adjoining. The side of the bridge with the scroll work was demolished. About 20 sticks of dynamite were found in a bag nearby. No motive can be given for the crime.

CAN'T BE SEPARATED,

Some Bellefonte People Have Learned How To Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure kidney ache.

If the kidneys are well and strong the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. Nancy Davis, of 246 East Logan Street, says: "I suffered a bad fall some years ago when living in Rochester. I thought at first that I had broken my back. I was unable to get up without assistance and from that time I suffered for years with a weak back and excruciating pains through the loins and through the small of my back. Sometimes I was completely prostrated and helpless. Doctors and medicines failed to help me and the pain continued until I got Doan's Kidney Pills. I took only a few doses before I began to feel better and when I had continued using them for a while I was thoroughly cured. My back regained its strength and the pain left me. I have had no return of the trouble since."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name Doan's and take no other.

THE WOMAN WHO COUGHED.

Catarrh had nearly ruined me. It had eaten away the partition in my nose; produced Asthma, Bronchitis, Rheumatism; ruined my stomach; in fact, gone all through my system. Then Grip finished me. I was a wreck; took cold at nothing; and coughed day and night. The doctors dosed me with opium and quinine. No good. Cough "cures"? Bah! Then Brazilian Balm renovated me. Killed every germ. Took 10 $1.00 bottles. Now I'm like a girl of 18.

STOLE $50,000 WORTH OF GOODS

Steamboat Companies Victimized By Daring Scheme.

New York, May 16. — A scheme whereby truckmen are alleged to have stolen about $50,000 worth of goods from the Southern Pacific Steamship company, the Morgan line and other steamship companies, was made public by the district attorney's office. The story was given out following the arrest on charges of grand larceny of Daniel Stratton, Adrian E. Post and Frederick Palm, who were held in $10,000 bail each. Two other prisoners are in the Tombs on suspicion.

After two months of work detectives solved the alleged robbery scheme, by which it is charged truckmen, upon receiving goods from the shippers, instead of carrying them to the steamship companies for shipment, took them directly to "fences." Then, with empty trucks, they drove to the companies' pier, where a clerk, said to be in the conspiracy, had the proper papers made out to indicate that the goods had been received by the company. The conspirators are alleged to have forged the name of some innocent clerk to the bill of lading, thereby escaping detection.

Forty Houses Burned.

Atlanta, Ga., May 16.—About 40 houses, occupied for the most part by negroes, were burned in South Atlanta. The loss will be $40,000. The location is outside the city limits, surrounding Clark University for Negroes and not far from the federal prison, neither of which institutions was damaged or seriously threatened. The city fire department, on account of the lack of water, was able to do little good, and the fire burned itself out.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghampton, N. Y., on every bottle.

The Thrice-a-Week World is fair in its political reports. You can get the truth from its columns, whether you are Republican or Democrat, and that is what you want.

A special feature of the Thrice-a-Week World has always been its serial fiction. It publishes novels by the best authors in the world, novels which in book form sell for $1.50 apiece, and its high standard in this respect will be maintained in the future as in the past.

The Thrice-A-Week World's regular subscription price is only $1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Bellefonte Republican together for one year for $1.50.

WOMEN DIG CELLAR.

Appearing With Shovels and Barrows They Surprise Building Committee at State College.

The members of the Lutheran faith at State College have been compelled to worship in a church of another denomination ever since the congregation was founded, as they were not strong enough financially to build a church of their own. Of late they have grown stronger numerically and a movement was begun to erect a house of worship. A lot was bought for $1000 and the committee met Friday evening to stake out the foundation.

Their work was just about completed when they were inexpressibly astonished to see about a score of women approaching with picks, shovels and wheelbarrows. They proved to be members of the Women's Home Missionary Society of the church, and they set to work at once with a will and broke ground for the new church.

Before they stopped they had made quite a hole in the earth. The sight of the women wielding picks and shovels and pushing wheelbarrows was one of the most novel ever seen in State College, and was witnessed by hundreds, the students especially cheering them in their work.
